Standard Cabinet Box Specifications

Construction

Cabinet box is 5/8" laminate furniture board construction, full access design with a glue and dowel joining system.

Cabinet Exterior

Cabinet box exterior sides match front finish.

Cabinet Interior

Cabinet box interior sides are white.

Shelves (A)

Adjustable standard shelves are 3/4" thick white laminate furniture board with PVC edge tape. Wall, Tall and Universal Base cabinets feature full depth shelves. Base cabinets with center mullions feature full depth shelves. Base, Base Full Height and Vanity cabinets without a center mullion feature half depth shelves.

End Panels (B)

End panels are 5/8" thick laminate furniture board with PVC edge tape. All end panels feature vertical end grain.

Tops and Bottoms (C)

Wall and Tall cabinet tops and Wall, Base, Vanity and Tall cabinet bottoms are a 5/8" thick shelf dowelled into the cabinet sides.

Backs (D)

Backs on all standard cabinets are 1/8" thick pre-printed MDF.

Toekicks (E)

Standard and Universal Design toekicks are 4 1/2" high, unfinished.

Cross Support

Base cabinets will have 5/8" thick by 4 1/2" high cross supports.

Center Mullion - Wall

Wall cabinets 36" and wider feature a 2 1/2" wide and 5/8" thick furniture board center mullion. Select Wall cabinet center mullions will be perpendicular to the back of the cabinet, as noted throughout the book.

Center Mullion - Base, Tall, Vanity and Universal

Base, Tall, Vanity, and Universal cabinets 33" and wider feature a standard 2 1/2" wide and 5/8" thick perpendicular center mullion.

Hinges

The standard hinge is integrated soft close concealed 110 degree, 6-way adjustable with a stamped steel cup and hinge body.

Standard Wall

- Standard Wall heights: 12", 15", 18", 24", 30", 36", and 42"
- Standard Wall depths: 12" and 24"
- Wall 9" - 42" wide cabinets are reversible

Standard Base and Vanity

- Standard Base heights: 34.5"
- Standard Vanity heights: 32.5", 34.5"
- Standard Base depths: 24"
- Standard Vanity depths: 21"

Standard Tall

- Standard Tall heights: 84", 90", 96"
- Standard Tall depths: 24"

Specifications

Standard MDF Laminated Drawer Box

- White Drawer Box
- 5/8" laminated MDF sides, front and back
- 3/16" pre-printed MDF bottom
- Drawer front attaches to drawer box with staples and screws
- Butt joint and pinned construction in four corners
- Standard white 20" glides are epoxy coated steel, nylon rollers

Upgrade Hardwood Drawer Box

- 5/8" solid hardwood sides, front and back
- 3/16" matching plywood bottom, retained in groove on four sides
- Drawer front attaches to drawer box with staples and screws
- Butt joint and pinned construction in four corners
- Finished with a clear catalyzed top coat
- Concealed 20" undermount full extension drawer glides with integrated soft close

Roll Out Tray Kit

- White Roll Out Tray
- 5/8" laminated MDF sides, front and back
- 3/16" printed MDF bottom
- Stapled miter joints in four corners
- Standard 18" full extension glides
- Roll Out Trays are a field installed option only (see page 61)

Melamine

Melamine doors have a particle board core with a durable, thermally fused melamine coating.

Thermofoil

Thermofoil doors are vinyl-coated, thermally-glued 5/8" MDF with a melamine backer. The vinyl is bonded to the core using heat and pressure resulting in a product with excellent performance properties. When Thermofoil is selected, some fillers, panels, moulding and embellishments will use a non-melamine backed core.

- A heat shield (see page 62) must be used where doors are near heat producing appliances.

Wood

Wood doors are made of beech hardwood. Beech is a moderately hard, straight-grained, even-textured wood with excellent strength properties.

Finish Specifications

All finishes have been designed in conjunction with the latest color trends, styles and finish technologies to create a product of exceptional quality and durability. With a continuous investment in the latest application methods and technologies, Urbana provides one of the best finishes available in the industry. It is because of these finishes that Urbana can guarantee performance of the cabinet surface, free of deterioration and premature discoloration.

Cabinet Care Suggestions

Caring for your cabinets properly is the most important step to keeping them beautiful throughout the years. We suggest doing the following:

- After installation is complete, wipe the cabinets with a soft, clean cloth dampened slightly with water. Dry immediately with another clean, soft cloth.
- Regular cleaning requires only wiping with a dampened cloth and then drying. Remove oil, grease, or general soil by using a clean cloth dampened with a fresh solution of mild dishwashing soap and warm water. Rinse with a clean cloth dampened with clean water and then dry thoroughly.
- **WARNING:** Excess moisture is one of the worst enemies of any finish. Sink, range, dishwasher, oven, and baseboard areas are most susceptible. Promptly remove any water spills and excess moisture from cabinets using a clean, soft cloth.
- Avoid using harsh detergents, strong soaps, abrasive cleaners, or self-polishing waxes when cleaning. Also avoid using ammonia solutions on or near cabinets. These substances could have a deteriorating effect on the finished surface.
- Avoid using a dishcloth to clean or dry cabinets as it may contain remnants of detergent or grease.
- Cover nicks and scratches with a tinted putty stick or touch-up bottle such as the one included in the touch-up kits that are available through your local dealer.
- We do not recommend waxing. Over time, waxing and polishing compounds may build up on the surface causing a hazy, streaky appearance.

Following these guidelines will maximize finish performance and allow you to enjoy your cabinets for many, many years to come.

DOOR STYLES & FINISHES

Style Name	Finish Name	Description
Ahni Wood	Butterscotch	Soft brown cues for a classic feel.
	Dusk	True brown that can blend with virtually anything.
	Ledgestone	Neutral brown stain with gray undertones.
Riva Melamine*	Smooth White	An all-purpose white to mimic the look of opaque coloration.
	Pampas	Nut-brown neutrality enhances the look of wood.
	Nightshade	Dusky coloration, highlighted with tonal grain detailing.
	Putty	Soft white and warm gray create subtle grain variations.
	Switchgrass	Naturally warm coloration featuring dynamic grain emphasis.
	Cityscape	Horizontal texture in deep, moody gray.
	Haze	Horizontal grain with smoky undertones highlighted with gusts of gray.
	Phantom	Horizontal textured grain in cool gray.
Riva Veneer	Butterscotch	Soft brown cues for a classic feel.
	Dusk	True brown that can blend with virtually anything.
	Ledgestone	Neutral brown stain with gray undertones.
Riva Thermofoil**	High Gloss White	The excitement of contemporary sheen adds dramatic influence to white.
	Ash	A delicate wisp of soft gray.
	Ebony	As dark as a starless night.
	Java	Reminiscent of a dark roast with an aromatic nuance of rich color.
	Moonglow	Bright white for smooth, clean luminescence.
	Truffle	Decadent and warm color that evokes the notion of home.
Remy Thermofoil**	Moonglow	Bright white for smooth, clean luminescence.
	Java	Reminiscent of a dark roast with an aromatic nuance of rich color.
	Ash	A delicate wisp of soft gray.
Rush Wood	Butterscotch	Soft brown cues for a classic feel.
	Dusk	True brown that can blend with virtually anything.
	Ledgestone	Neutral brown stain with gray undertones.
	Polar	Traditional white for a clean, modern look.
	Sterling Gray	Contemporary gray to suit today's current trends.

* Melamine Smooth Finishes: Smooth White and Pampas

* Melamine Textured Finishes: Nightshade, Putty, Cityscape, Haze, Switchgrass and Phantom

** Thermofoil will not withstand sustained temperatures in excess of 160°F. A heat shield is required between any thermofoil surface and any heat source to be in compliance with cabinet warranty.

URBANA

CABINET CO.

Effective February 2020. Supersedes all prior versions. Styles, product availability and construction may vary slightly from those shown in this book due to material availability and/or design evolution. Specifications are subject to change without notice. Our customer service team is available if your design requires verification of product availability and specifications.

Product photography and illustrations have been reproduced as accurately as printing technologies permit. To ensure highest satisfaction, we strongly recommend you view an actual sample for best color, wood grain and finish representation.
